MEMORANDUM FOR: Mr. E. H. Knoche
Director of Strategic Research

SUBJECT : Memoranda in Support of Secretary Kissinger's South Asian Trip

I would like to extend my appreciation to all of those in your office who contributed to the excellent briefing book prepared in support of Dr. Kissinger's trip to South Asia. The response from the recipients of the briefing book has been highly favorable, both for its timeliness and its comprehensiveness. I realize that this project was the result of the efforts of many individuals from all components of the Agency, and I want to be sure that all who participated are informed that it was indeed a fine effort which speaks well of the Agency and of those involved.
